

# PRO AFP to HTML

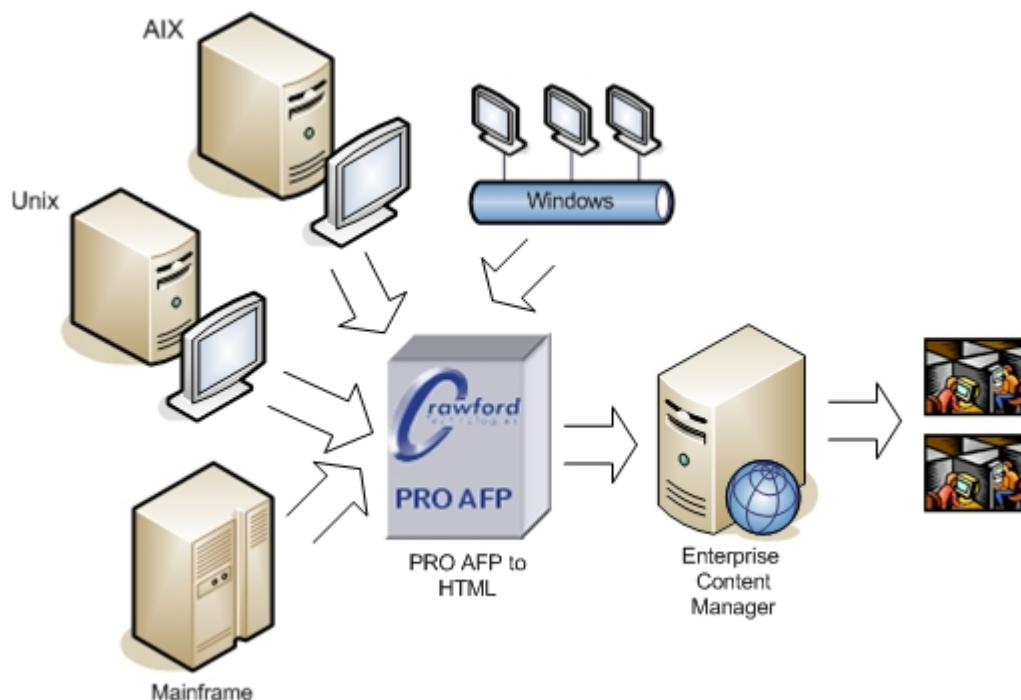

## *View Mission-Critical Documents Online*

**PRO AFP to HTML** software is designed for customers, who want to leverage their essential AFP documents on the Web to improve productivity and bring excellence to their Customer Service.

**PRO AFP to HTML** dynamically converts Advanced Function Presentation (MODCA-P, AFPDS and AFP Category 5) documents into HTML.

**PRO AFP to HTML** delivers high-speed performance indispensable in high volume, mission-critical printing environments. Thanks to that, **PRO AFP to HTML** allows organizations to utilize AFP application print files in interactive Web applications. Documents, such as customer statements, bills, invoices, policies and confirmations, can be displayed in standard browsers giving customer service agents and customers instant online access to these documents. Web documents can also be printed by or emailed to any of those users.

Making documents available quickly and in the same format to customer service staff and to the customers improves productivity and customer satisfaction and allows organizations to achieve excellence in Customer Relations Management.

### **Platform Independence**

**PRO AFP to HTML** is available on Linux, AIX, Solaris, HP-UX, z/OS (all versions) and Windows platforms. This means that users can install the software where they need it.
