

# PRO PCL to Data

*Leverage PCL desktop data with XML and CSV applications*

**PRO PCL to Data** lets you convert PCL print files into data files, like XML and CSV, that can be used in common business and database applications. The software allows you to leverage the data value and information infrastructure associated with PCL print streams without incurring any IT modification costs.

## Platform Independence

**PRO PCL to Data** is available on Linux, AIX, Solaris, HP-UX, and Windows platforms. This means that users can install the software where they need it.

## Features and Benefits

- Resource management is automated.
- Conversion throughput and performance are optimized.
- The converted text files faithfully render the textual content of the input PCL files.
- Conversion enables flexible print workload balancing: a single printer can be used for printing XML and CSV data and PCL print files, eliminating the need for duplicate printing format infrastructure.
